JUDGMENT (Per Sri B.Prakash Rao, J)

Heard both sides and at their request, the main appeal itself is taken up for disposal.

The appellant who is an employee working as Conductor with the respondent corporation seeks to assail the order dismissing the writ petition filed by him as against the order of punishment imposed by the respondent

corporation after regular enquiry in respect of charge made against him for having failed to account for two tickets in the S.R. at stage No.7 which were issued to two passengers who boarded the bus.

Having considered the submissions made and on perusal of record, it is seen that in respect of the said charge after holding regular enquiry, the appellant was held to be guilty and initially punishment of deferment of increment for a period of two years was awarded which was subsequently reduced to one year. The learned single Judge having gone into all these aspects especially this Court would not interfere with the factual aspects in exercise of powers under Article 226 of the Constitution of India, dismissed the writ petition. In view of the same, we are entirely in agreement with the order passed by the learned single Judge and we do not find any merits in this appeal.

Accordingly, the writ appeal is dismissed. No costs.
